

# MENEMSHA GROUP

## TRAIN THE TRAINER SERVICES

### CURRICULUM IN ACTION

Our Train-the-Trainer program is designed for teaching potential instructors including Training, Learning and Development professionals and sales and recruiting managers the Menemsha Group curriculum to enable them to train other people in their organization.

## TRAIN THE TRAINER SERVICES

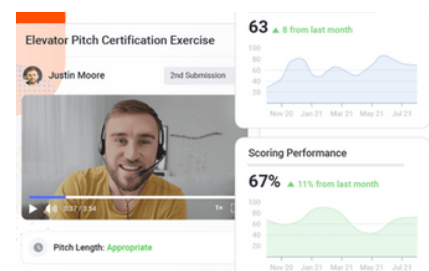

In addition to completing the Menemsha Group curriculum, participants will be required to host twelve, live instructor-led training sessions via video conference in which they teach a member of the Menemsha Group staff the program curriculum.

Participants will be required to explain and demonstrate application of the knowledge, skills, tools and strategies taught in the Menemsha Group program within the context of real-life, everyday staffing/recruiting scenarios. Participants will also be required to grade select missions completed by Menemsha Group staff and provide quantitative and qualitative feedback.

Participants will be evaluated by Menemsha Group staff on their ability to model the desired behaviors and coach and reinforce the training curriculum.

### CERTIFY TRAINER READINESS
