

Enablement Managed Services

Menemsha Group empowers businesses to make their revenue goals a repeatable reality with an outcome-oriented approach. Our training and enablement solutions refine and optimize processes, ensuring success can become predictable — bolstering your organization's bottom line!

Maximize Your Investment with Managed Services

Lacking time or bandwidth to manage your onboarding, training, and enablement programs consistently and effectively? Accelerate your time to ROI and ensure you maximize the Menemsha Group solution when you let us take care of it for you.

Enablement Managed Services

We provide a dedicated customer success manager (CSM) for a single point of contact to assist you with:

- Defining your enablement strategy
- Establishing the ROE and ROI metrics and mechanisms for measuring quantifiable outcomes
- Defining, scheduling, and communicating your deployment strategy

- Designing your onboarding, training, and coaching schedules
- Performing all platform administration tasks, including content uploading, authoring, sequencing, and publishing
- Executing all user administration tasks, including user set-up, configuration, and scheduling of all training assignments and tasks
- Managing user invitations, email notifications, and report cards
- Configuring, deploying, and reviewing learners, team report cards, analytics, and dashboards
- Managing recertification and spaced reinforcement programs
- Facilitating quarterly business reviews with your key stakeholders to discuss outcomes, including ROE, ROI, skill, and knowledge gaps, and provide recommendations
